

## Job Specification

<b>JOB TITLE:</b>	Rental Generator Service Engineer
<b>DIVISION:</b>	Powerhire
<b>LOCATION:</b>	Dover, Kent
<b>REPORTABLE TO:</b>	Service Manager
<b>HOURS:</b>	40 hours, Monday to Friday

We are looking for an additional Service Engineer with a 'can-do' attitude to join our Powerhire Rental team. You will undertake installation and maintenance of our fleet of generators both within the workshop and on customer sites.

### Key Responsibilities:

- Installation and maintenance of our fleet of generators both within the workshop and on our customer sites
- Testing and certification of electrical distribution equipment
- Generator fleet fault finding and repairs
- Maintain and repair cable.
- Part of the company on call rota
- Attend breakdowns

### Qualifications & Requirements:

- Desirable qualification in Electrical & Electronic Engineering ( 18<sup>th</sup> edition )
- Full drivers licence is required
- Be competent with IT
- Have good time management and organisational skills
- Excellent customer service skills and "can do" attitude
- Experience with LV switchboards would be advantageous
- ECS / CSCS on site qualifications desirable

### Remuneration:

- Competitive Salary
- 20 to 23 days holiday, plus birthday leave and bank holidays
- Be part of our out of hours call out service
- Unlimited Overtime available on Weekday and Weekends
- Overseas work available
- Fully expensed company vehicle
- Preferably based in Kent or South East

### Training:

- Career and Personal Development training will be provided at the discretion of the company
- Long-term Progression Opportunities

If you are interested in this role and feel that you have the experience and knowledge to carry out these duties, please send your CV along with some information about yourself to: [HR@tgc.uk.com](mailto:HR@tgc.uk.com)
