

200kW Loadbank

Model: 3020

The ASCO Model 3020 is a resistive, AC loadbank designed for static or moveable installation when up to 200kW of electrical load is required

Loadbank Data

Nominal Capacity	200kW	Fan Motor	1.3kW, 1 phase, DOL, 50Hz
Voltage Rating	400V-50Hz	Airflow	2.6 m ³ /s (5509 CFM)
Length	1140mm	Typical Noise level	69dBA @50Hz at 3 metres
Width	870mm	Aux Supply	16amp Single Phase
Height	950mm	Power Terminals	Single pole, twist lock
Weight	220kg	Controller	Sigma LT

* Load Steps with controller are 1kW
