

# 20kW Electric Heater

## Model: DE95

### Data

|                           |                    |              |                                            |
|---------------------------|--------------------|--------------|--------------------------------------------|
| Nominal Heating Duty      | 20 kW              | Airflow      | 1,500 m <sup>3</sup> /s                    |
| Length                    | 470 mm             | Noise Level  | 61dBA @ 1m                                 |
| Width                     | 410 mm             | Plug Type    | BS4343 32A 3ph 5pin                        |
| Height                    | 580 mm             | Power Supply | 415V 3ph+E 50Hz<br>Full Load Current 28A   |
| Approximate Weight        | 32 kg              | Load Steps   | 1. Blower<br>2. 10kW<br>3. 15kW<br>4. 20kW |
| Typical Heated Area       | 484 m <sup>3</sup> |              |                                            |
| Average Power Consumption | 20 kW/h            |              |                                            |
