2500A Inline Circuit Breaker

Model: ABB SACE E3 ACB

Powerhire's 2500A inline circuit breaker incorporates a 3 Pole, motorised ABB Air Circuit Breaker (ACB), providing protection, isolation and control of electrical supplies.

Adjustable current protection settings from 1000A to 2500A allow the protection to be configured for installation requirements and downstream cabling.

Motorised operation enables remote opening and closing for controlled switching and integration with automated power distribution systems.
